

# Cocinar Mexicano

Master Classes in the Art of Mexican Cooking

**MEXICO IS BACK!**

**COME CELEBRATE** *with* **COCINAR MEXICANO**

We're holding a whole weeklong feast from July 3-10th that features not one but three superb workshops, each with a unique focus on the culinary arts.

- ★ **Summer Feast: Culinary Master Class with Village Women**
- ★ **Word of Mouth: Food Writing with Betty Fussell**
- ★ **Good Enough to Paint: Watercolor Class with Luis Mijangos**

Spend a week in Tepoztlán, just an hour outside Mexico City in the foothills of the great volcanoes, and cook, write or paint your heart out in one of Mexico's official "magic" villages.

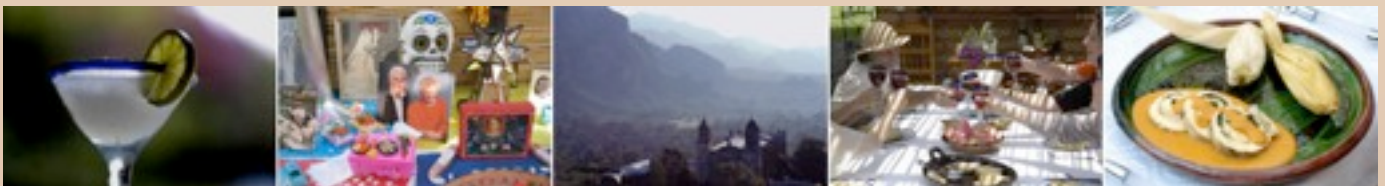

We'll take you to the fields to see corn and squash coming up and to a nopal orchard that's a vision of paradise in any season. You'll meet with farmers, take corn to be ground for masa, and plunge into Tepoztlán's amazing outdoor market to shop for ingredients. While convening separately for workshop sessions, participants in all three programs will come together every day to share the gourmet meals and array of original desserts for which Cocinar is known.

July is the emerald month in Tepoztlán, a time of radiant, springlike days and late afternoon rains that turn the lush vegetation even lusher. It is the perfect time to experience this legendary village, which offers an abundance of cultural and leisure activities to complement Cocinar Mexicano's culinary offerings.

**PLEASE SEE OUR WEBSITE OR EMAIL US FOR DETAILS.**
